

Clean hands - anywhere!

The WS WashStand

Delivering superb hand washing - *at the point of need.*
Hand washing can be provided anywhere that it's required
- in the clinic or out in the field!

Suitable for use indoor or out.

**Needs no
electricity or mains
water supply - just
wheel it to wherever
it's needed!**

The TEAL WashStand portable hot water hand wash unit has been designed specifically to meet the requirements of any situation.

Rugged, portable - easy to clean and maintain

Features of the WashStand

- 40 washes per filling
- Uses pre-heated hot water
- Easy to reach low level basin
- Finger tip operated lightweight tap
- Wash under running water
- Lightweight and simple to use
- Dirty water is secured in a separate waste container
- No plumbing or power connections needed.

The TEAL WashStand portable hot water hand wash unit has been designed specifically to meet the requirements of any situation where effective hand washing is required.

Hand hygiene can be provided quickly and easily with a minimum of fuss, thanks to the easy to use and easy to move nature of the WashStand.

Featuring low friction wheels and convenient handle, it can quickly and easily be guided straight to where a hot water hand wash is needed – even if it's needed for a bedridden or incapacitated patient.
